## Call for experts to assist the European GNSS Agency with tasks for the Implementation of Fundamental Elements programme

GSA is looking for experts with a high level of expertise and professional experience in navigation satellite systems and also in specific market segments (e.g., Aviation, LBS, Agriculture, Surveying, Rail, Road, Maritime, Timing and Synchronisation) and/or with hi-tech business building skills. We are especially keen on involving business and technical experts having proved experience in one or more of the following areas:

- > E-GNSS signal processing,
- > Development (hardware, software/firmware algorithms etc) of E-GNSS receivers and antennas,
- > Applications, services and products in the area of EGNSS
- > E-GNSS technologies state of the art boosting in particular the E-GNSS differentiators.

**Registrations must be submitted via the following [link](#).**

The call for expression of interest is permanently open (**no deadline**). However, early application is encouraged since the first experts will have to be appointed in the third quarter of 2019.

Experts who **already registered** in the Participant Portal expert database are invited to access the following website, to declare their interest in Fundamental Elements assignments (and update their area of expertise) [here](#).

To learn more and download the call click [here](#).

## Work as an expert

The European Union Institutions appoint external experts to assist in the evaluation of grant applications, projects and tenders, and to provide opinions and advice in specific cases.

In particular, experts assist in:

- **Evaluation** of proposals, prize applications and tenders
- **Monitoring** of actions, grant agreements, public procurement contracts

In addition, experts provide opinion and advise on:

- **Preparation, implementation and evaluation of EU programmes and design of policies.**

In order to select experts, the European Union Institutions publish regularly calls for expression of interest (see list below) detailing the selection criteria, the required expertise, the description of the tasks, their duration and the conditions of remuneration.

**Interested? Please join the database of external experts!**

[Register as expert](#)

**As new expert**, you will be first requested to create your EU login account and register your profile.

**Registered experts** can update the profile via the My Expert Area after [login](#).
